

# RONNIE WOOD

It is with great pleasure that we invite you to join us in the gallery to view a brand new collection of signed limited edition art by rock icon, Ronnie Wood.

Saturday 22 & Sunday 23 October 2011

Every so often each century, time draws out and seals a place in the history books for the creative geniuses in our midst and Ronnie Wood is one such outstanding artistic talent. He picked up a paintbrush way before he picked up a guitar and began his life long journey with art almost as soon as he could hold a pencil. This innate artistic pulse that ran through Wood's veins evolved and grew into a five decade love affair with canvas, which has seen Wood constantly seeking, evolving and pushing back the boundaries in his art.

Join us in the gallery for the worldwide unveiling of a unique and vibrant collection of art encapsulating the dynamism and charisma of The Rolling Stones on stage.
